## REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: The prior art fails to teach or fairly suggest the claimed invention as a whole including recess portions open to an inner side of said groove provided in parallel in a longitudinal direction in a fitting and attaching portion so as to be separated by a plurality of ribs, in the context of an intake air control valve comprising a valve holder fitting and inserted to a communication hole formed in a partition wall separating a surge tank chamber arranged within a surge tank of a multiple cylinder internal combustion engine, a valve body attached via a valve shaft so as to freely open and close a valve hole formed within said valve holder, and a seal member fitted to a groove formed in a peripheral edge portion of said valve body, wherein said seal member is formed by said fitting and attaching portion fitted and attached to the groove of said valve holder, and a leading end seal portion brought into contact with an inner peripheral portion of the communication hole of said partition wall.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Marguerite J. McMahon whose telephone number is 703-308-1956. The examiner can normally be reached on flex.
